

Post Project Reporting

East Palo Alto Charter School

1. How did EPAK help you meet your project goals?

By providing the funds necessary to cover the cost of transportation for the field trips.

2. What were the benefits of the EPAK funded project to your students?

My 8th and 7th grade students in the Young Interpreters class benefited in several ways, but specifically in two:

First of all academically, by observing, listening and learning from the interpreters at Stanford Hospital and at the Hall of Justice in San Jose. These experiences educated them in how to use their bilingual abilities to succeed in school and college.

Second, the students had the opportunities of listening to professional bilinguals in the fields of health and law, from which they got thoughtful insights and counsel.

3. Receipts

Enclosed are: invoices #10006154752 - #10006234233 from National Rental Car for \$162.00 and \$295.18, a parking fee of \$9.50 and receipt from Office Depot for \$41.09 (\$33.02 of this amount is been covered by the grant)

4. A Thank you note

Along with this report, I am including pictures from the field trip to Stanford Hospital with the 8th grade students, and pictures from the field trip to the Hall of Justice with the 7th grade students.

All the students, parents, and myself are very grateful for your monetary support that makes possible these educational field trips.

Again, thank you very much for your support

Very sincerely,

Ilda Riojas-Przybyla
